

Craftsman

58

DICK CHASE

LET'S GO
MAC-MEN

THOMAS

A WORD TO YOU

The past year we have worked on the yearbook with one thing in mind — to get something "new" and "different" in our yearbook. We think, and hope you do too, that we have accomplished this goal to some degree. We have incorporated a three-color cover, larger pictures, vertical lettering, and each divider is a full-page photo. The theme of the "58" Craftsman is "Being Different," but whether or not we have a theme is really up to you. Read the book through and decide for yourself. We hope you like it!

To Job
I don't know
to well so I will
just write you all the
best in the world
Good luck
for new guy
Johnny

Cicciella
Cutest girl in the
World.

To Luck
A real sweet
peer lots of Luck
and Good Bless
you
Sharon

Harry J. Baumker

The Senior Class of 1958 derives great pleasure in dedicating its Craftsman to Acting Principal Harry J. Baumker. He was named to this position in 1956 after serving as a coordinator at Macomber for many years. We have come to know him as a fine principal because of his interest and acts on our behalf.

Mr. Baumker is a true Toledoan-by birth, by education, and by employment. He has a wide acquaintance with those in business and industry, and they know and admire him. They, as well as we at Macomber, often use his wisdom and knowledge. Often in a week's time do several interviews begin, "Harry, what shall I do about this?" Many of us have found that the best way to have Mr. Baumker for a friend is to ask a favor of him. He gives his answers from his varied consciousness of methods, facts, addresses, phone numbers, and favorite eating places.

First to greet prospective Mac Men, this administrator believes in the personal touch by noting the progress of all undergraduates as they learn, and by familiarizing himself with the successes of the graduates as they practice that learning in their vocations.

Although a quiet man by nature, Mr. Baumker has a boundless energy that is apparent in his undeniable enthusiasm and cooperation in all affairs of the school including its shop program, its related classes, and its clubs and athletics.

To many of us he has become a valued friend. Though it is difficult for a large group to state clearly its sincere appreciation, we hope, in dedicating this Craftsman to our principal, Mr. Harry J. Baumker, that he will sense the spirit of gratitude which prompted us to declare our admiration.

Lennis 58
Dedication

Superintendent of Schools

*To Dick -
A real nice guy,
whom I have enjoyed
knowing. I have had the
pleasure of having gotten better
acquainted. Yours,
Sandie Harris
'60'*

I congratulate the boys and staff of Macomber Vocational High School on the completion of another successful school year. I am sure that you are as proud as I am of the record of Macomber graduates. Many of you are leaving Macomber this year better prepared to make your place in the adult world. My good wishes go with all of you.

Philo C. Dunsmore
Superintendent of Schools

Dick! To a guy I don't know but I think is wonderful. Sincerely, Jarleniski
who is a real swell guy who should go far in the future. Good luck in the coming years - Tom Hartman

Board of Education

Seated: Mr. Thomas Bretherton, Mrs. Jane Kuebbeler, Mr. Grant Murray
Standing: Mr. Wayne Shawaker, Mr. Raymond D. Baldwin

PrinciPal

*Hi Dick,
I just met you this morning
but you seem like a very nice guy.
Good Luck + May God Bless You Always.
Pat Repar*

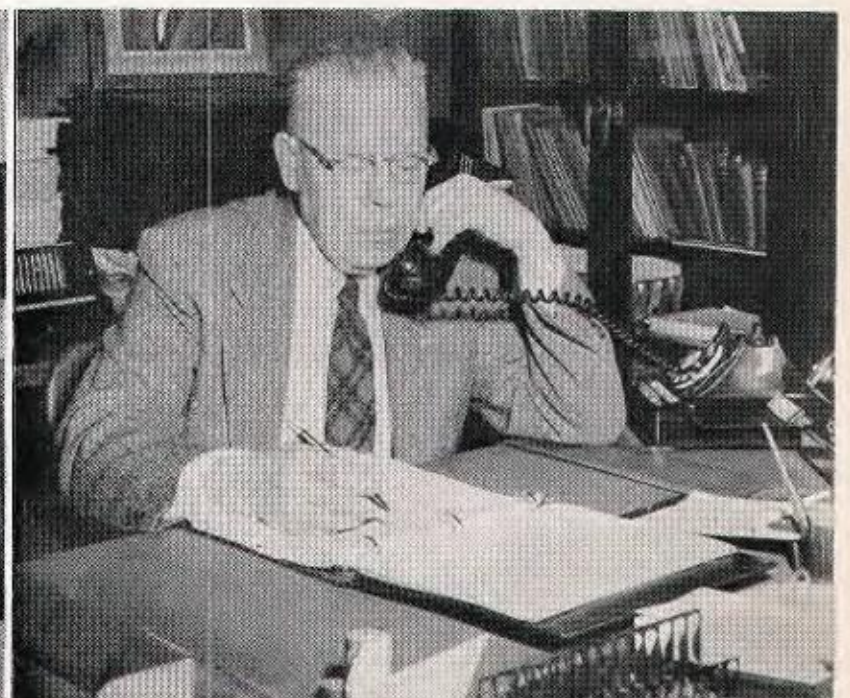

MR. HARRY J. BAUMKER

These are the morning announcements.

Now Dick, that is what I would do.

Yes Sir, the boys will be there.

Macomber is a school that is regarded as "being different." Her students come from all sections of the city to successfully prepare for places in business and industry. In training and educating these future leaders, Macomber serves Toledo offices and companies by readying capable young men as employees. The standards for entrance are high enough that students attending Macomber are confident of completing their courses of study in a very satisfactory manner.

Freshmen and Sophomores receive guidance in the selection of their occupational field. To further prepare them adequately, they have the opportunity to study and practice in shops that are in that vocational group. Counseling and testing are continually provided so that the pupils and their parents together with the school know how they are progressing and profiting from the program elected.

As Juniors and Seniors, these same boys specialize in their chosen vocation. Many of them are given the privilege of working for a business or industrial concern in the co-operative plan. All students are more thoroughly fitted by their studies of related technical and general education subjects.

You, the Members of the Class of 1958, should feel prepared to enter apprenticeship in your highly-skilled crafts. You have a varied and technical background in fields related to your vocations. You are further qualified if you choose to continue your education in technical institutes. Many of you are ready to pursue studies in universities.

The graduates of former Senior Classes know that our program is different. You too will soon realize that fact as you begin to profit from your training and education received at Macomber. We wish you everything that is fine and successful as you continue to experience lives of worth and service.

Harry J. Baumker

Assistant Principals

*Good luck
to a swell
batch
Signed
Bryson*

To be a graduate of Macomber Vocational High School is to be different, for you have had the opportunity to become trained in a definite vocation. "Being different" from so many other high-school graduates, you have certain skills to present to your prospective employer. You should be proud of your diploma because it is your ticket to a good job and to a successful life. Good luck, Seniors.

ARTHUR D. DILLER

Assistant Principal-Coordinator
9th and 10th Grades

Arthur D. Diller

Congratulations to the members of the Class of 1958 on the completion of your four years at Macomber. I trust that you have learned well the skills of your vocation, the related technical knowledge needed to apply these skills, and the general information which each of us must have to be an intelligent citizen in his community. In making the decisions of life, when you know you are right and the friends in the crowd are wrong—have the courage to "be different."

A. C. BIPPUS

Assistant Principal-Coordinator
11th and 12th Grades

A. C. Bippus

*Dear Chase
To bad we couldn't go out
together for the girls!
Sincerely,
Arthur Bippus*

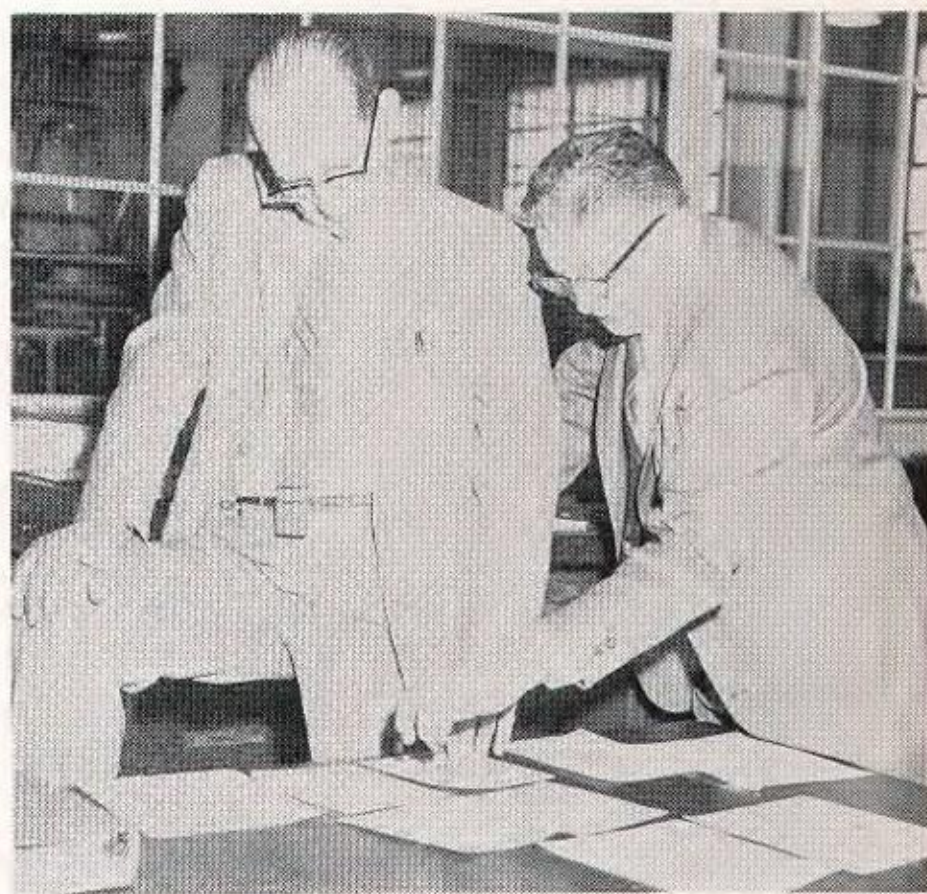

Many of life's most rewarding experiences have come about because certain persons have chosen to be different. The inventor, the scientist, and the explorer have shared their special knowledge and have directed their talents toward the enrichment of mankind.

You Mac Men have had the advantages of a program which is different from those offered by other Toledo schools. Your experiences in special fields should serve as a foundation for your future. Good fortune to each of you!

WALTER ARDNER

Assistant Principal-Coordinator
Activities

Walter Ardner

LEFT TO RIGHT: Mr. Esmond Whitney, Mr. Frank Drake, Mr. Donald Valk, Mr. Russell Bear, Miss Anna Schwertzler, Mr. Sam Harrison, Mr. Harold McCrae, Mr. Forrest Smith.

Faculty Department Chairmen

Macomber is fortunate in having dedicated faculty members who serve as heads of the various departments. It is they who do the liaison between the administration and the faculty. Those who provide leadership and act as spokesmen for their departments are: Mr. Esmond Whitney, Automotive Trades; Mr. Frank Drake, Metal Trades; Mr. Donald Valk, Electrical Trades; Mr. Russell Bear, Physical Science; Miss Anna Schwertzler, English; Mr. Sam Harrison, Building Trades; Mr. Harold McCrae, Mathematics; and Mr. Forrest Smith, Orientation.

The results of the endeavor and the plan-

ning of this group are felt by everyone in the school. They keep a sharp and discerning eye pointed always toward improvement in the selection, use, and care of all texts, workbooks, and reference materials; in the ordering and employment of materials and supplies; and in the development of more efficient shop, laboratory, and classroom organization and application by student and teacher alike. Thus their duties and obligations are most important. And thus we see that Macomber's human relations and satisfactory student-faculty morale are given intense consideration.

Dear
 We have had lots of fun with you this past
 year and I hope in the coming times we
 will get together often. What a fun day
 I wish you the best of luck and happiness
 Best Love
 Betty Smith

Office Staff

It is the good fortune for all students at Macomber to have such friendly helpers in the main office. We who are graduating can attest to this fact quite earnestly and happily, for we know how they have aided us during our four years. The apparent ease with which they accomplish their tasks nearly leads us to become ungrateful and unthinking students. The members of this competent corps have helped us to solve every problem whether it was some lost article that just would not stay in its proper place, or whether it was some question regarding the re-arrangement of our schedule.

We want the following cheery ladies to step
14 forward and to be recognized: Miss Marion Grote,

Mrs. Jessie Bruggemier, Mrs. Mildred Thompson, Miss Fran Robertson, Mrs. Shirley Warren, and Mrs. Claire Spragg. These persons preside over such operations as all school correspondence, the care and counting of textbooks, the permanent records for all students, the attendance and tardiness records, the accounting for "unsats" to see that we don't get too many (Who Said That?), the processing of requisitions, the bookkeeping of money, and the editing of the morning announcements.

We express our earnest gratitude for your interest and guidance, and we commend the other classes to your thoughtful care.

I want my Maypo !!

To Dick
Good Luck in
the future and
in everything you do
Robert White

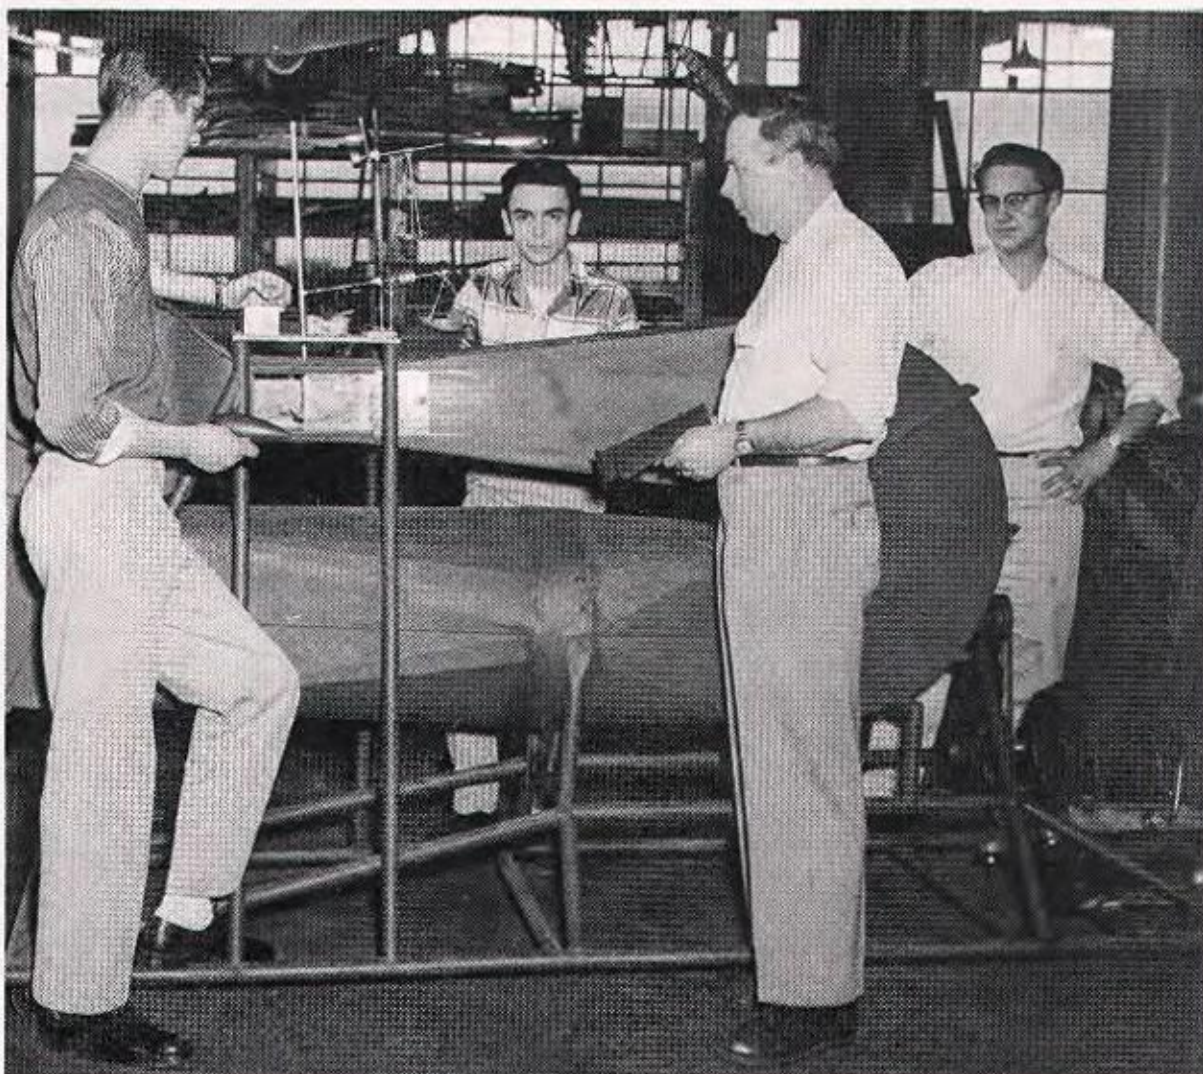

Automotive Trades

The boys in collision shop learn all there is to know about auto body work.

Mr. Smith gives demonstration of wind tunnel that the Aeronautic boys built.

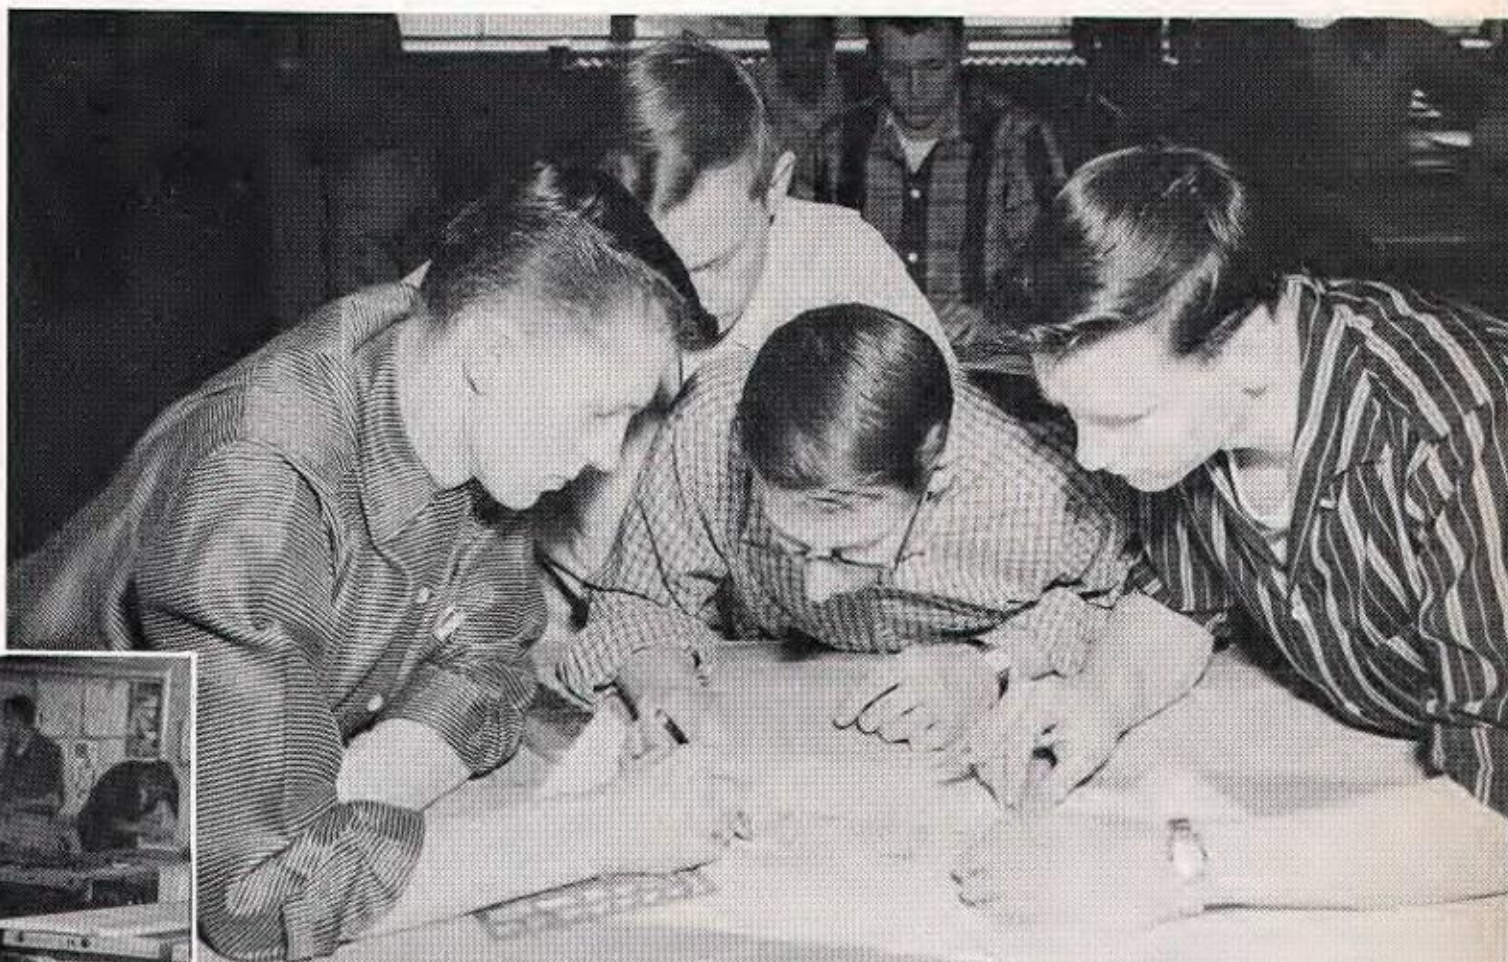

The boys in Auto Electricity give car A-1 attention.

Auto Mechanics learn about an engine from A to Z.

Building Trades

These boys are drawing the plans for a new house.

Mr. Kish's wood shop turns out some fine pieces of furniture.

Mr. Smith shows the fine points of refrigeration.

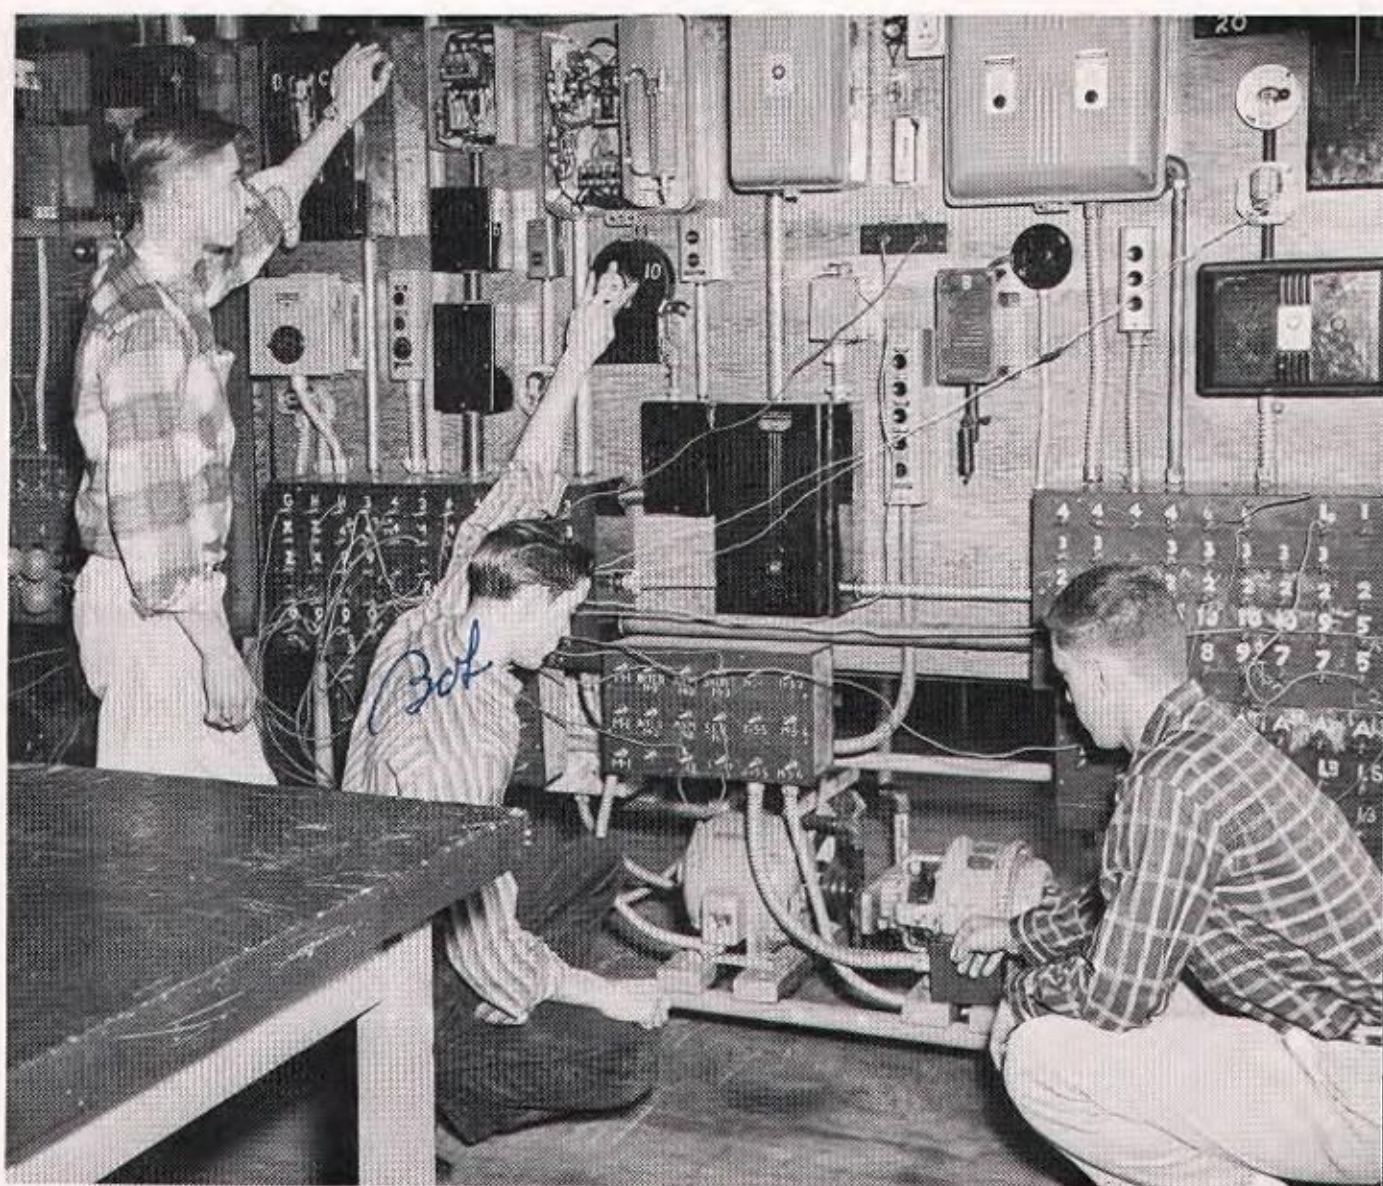

The boys in Mr. Beach's Sheet Metal shop enjoy making the wierd but useful shapes of sheet metal.

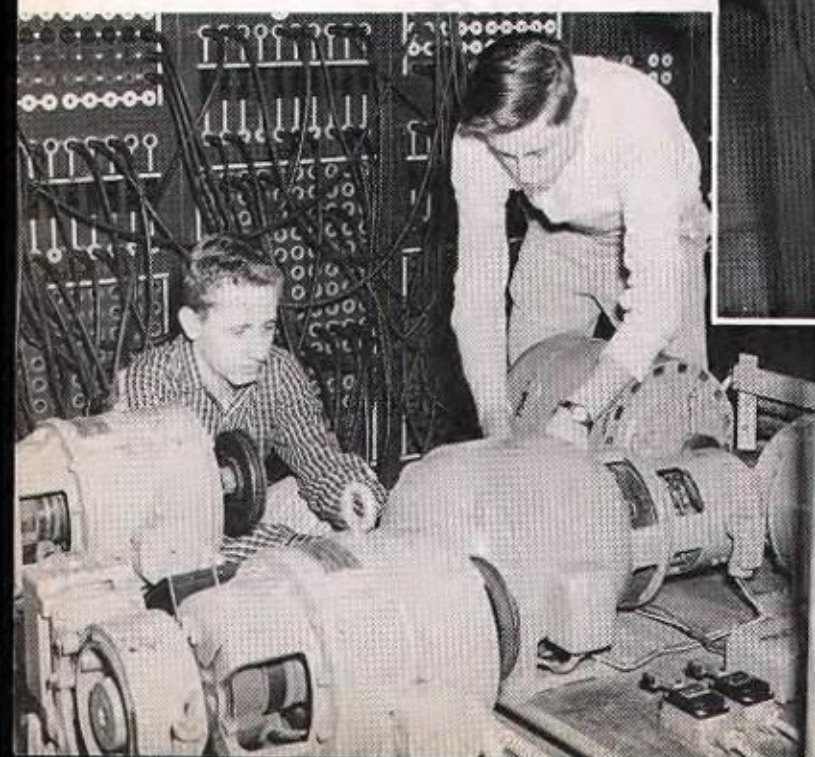

Electrical Trades

The boys in Electrical Construction have plenty of equipment to learn their trade.

*To Dick,
I have enjoyed
knowing you in
the past years.
Good luck
always,
Bot
Sullivan*

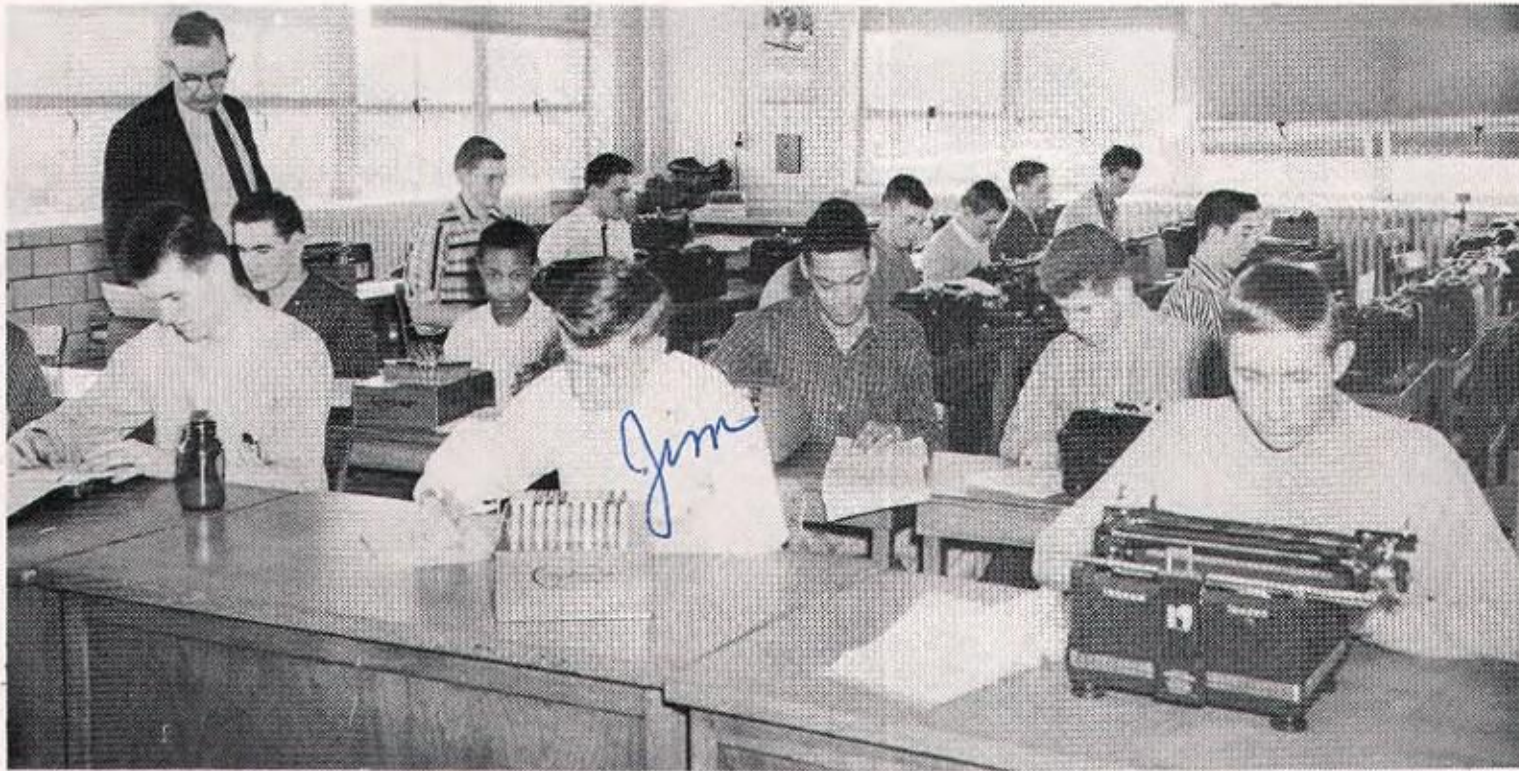

Radio shop produces some wierd sounds.

These boys really learn first hand in Motors and Controls shop.

Graphic Arts

Mr. Spring and his boys take time out to watch the birdie.

Busy as bee's are the boys in Office Practice, as Mr. Preis looks on.

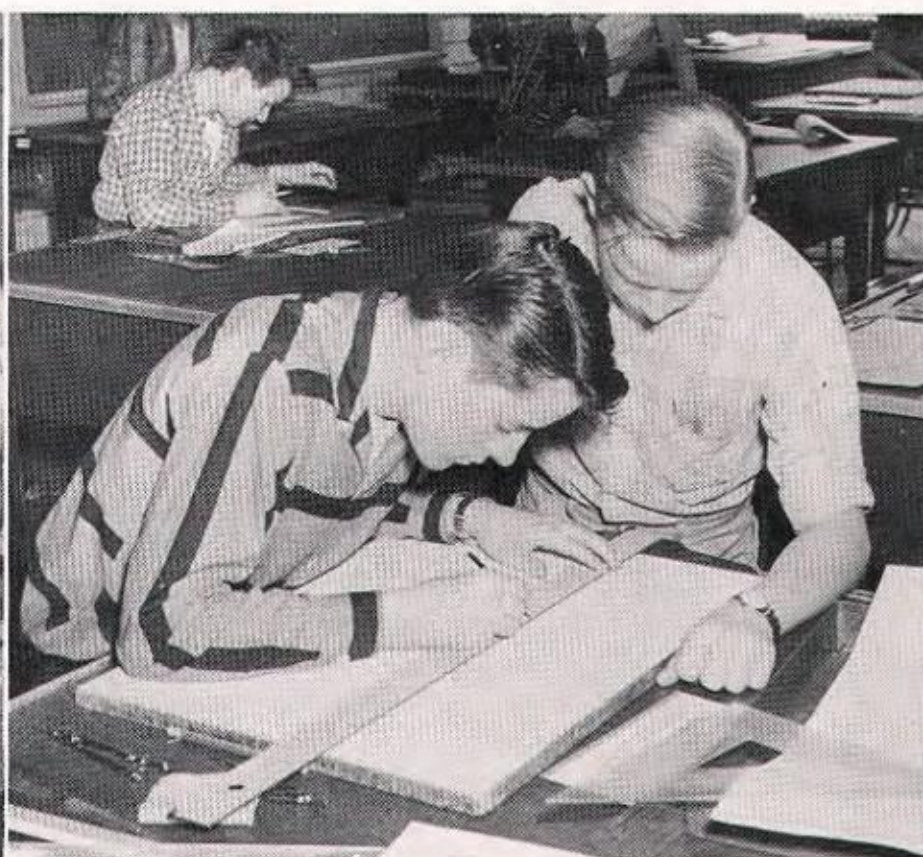

Printers keep the presses moving.

Metal Trades

Machine shop boys finish an important job.

Two of Mr. Elwing's freshmen team up in the Mechanical Drafting Class.

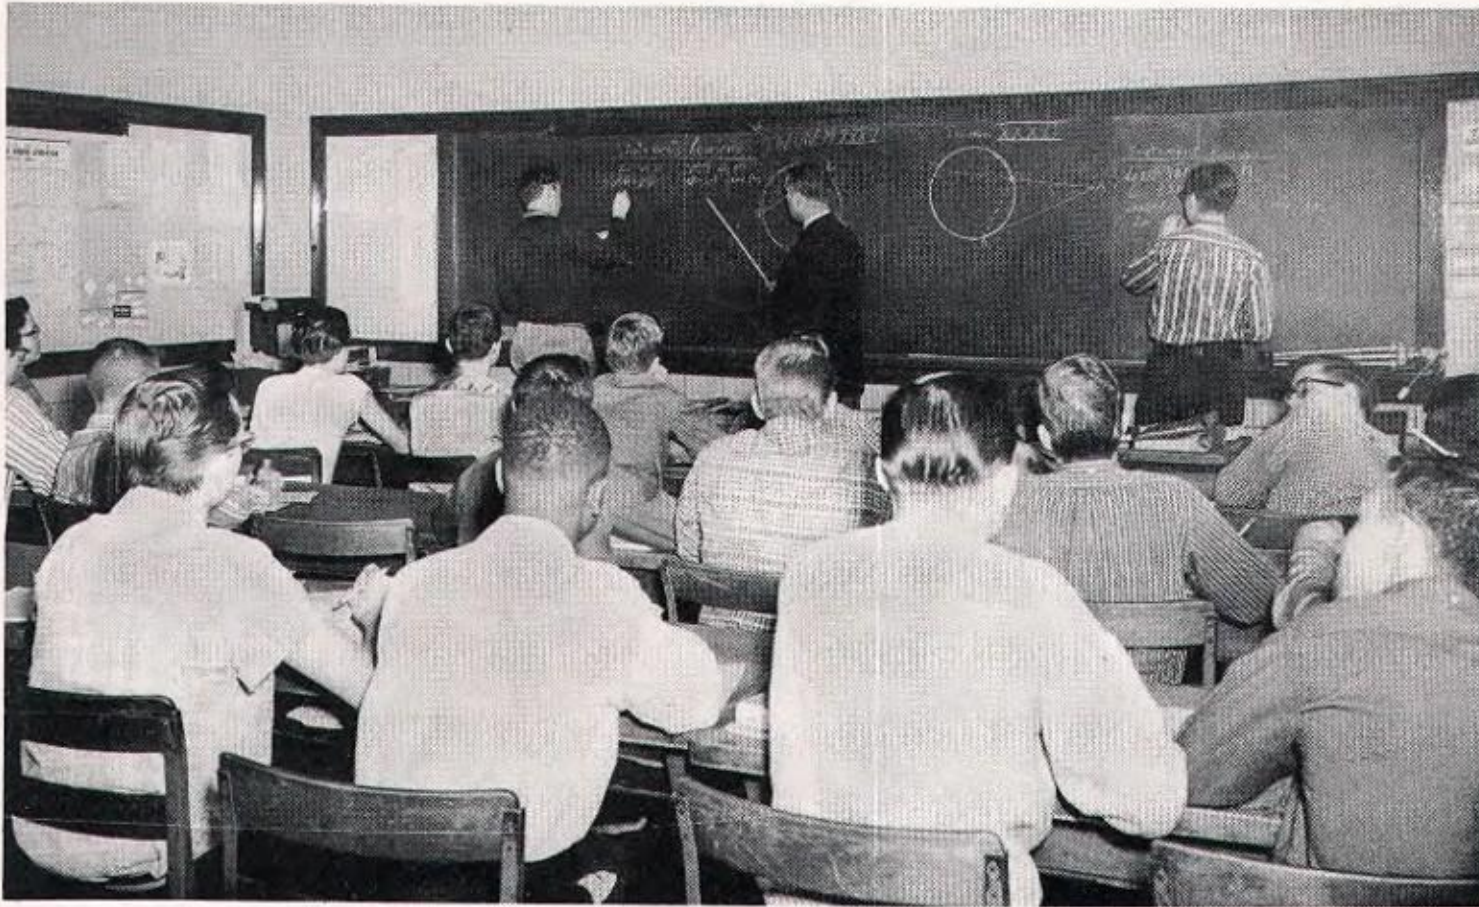

Mac-Man Welding his way into the world of the unknown.

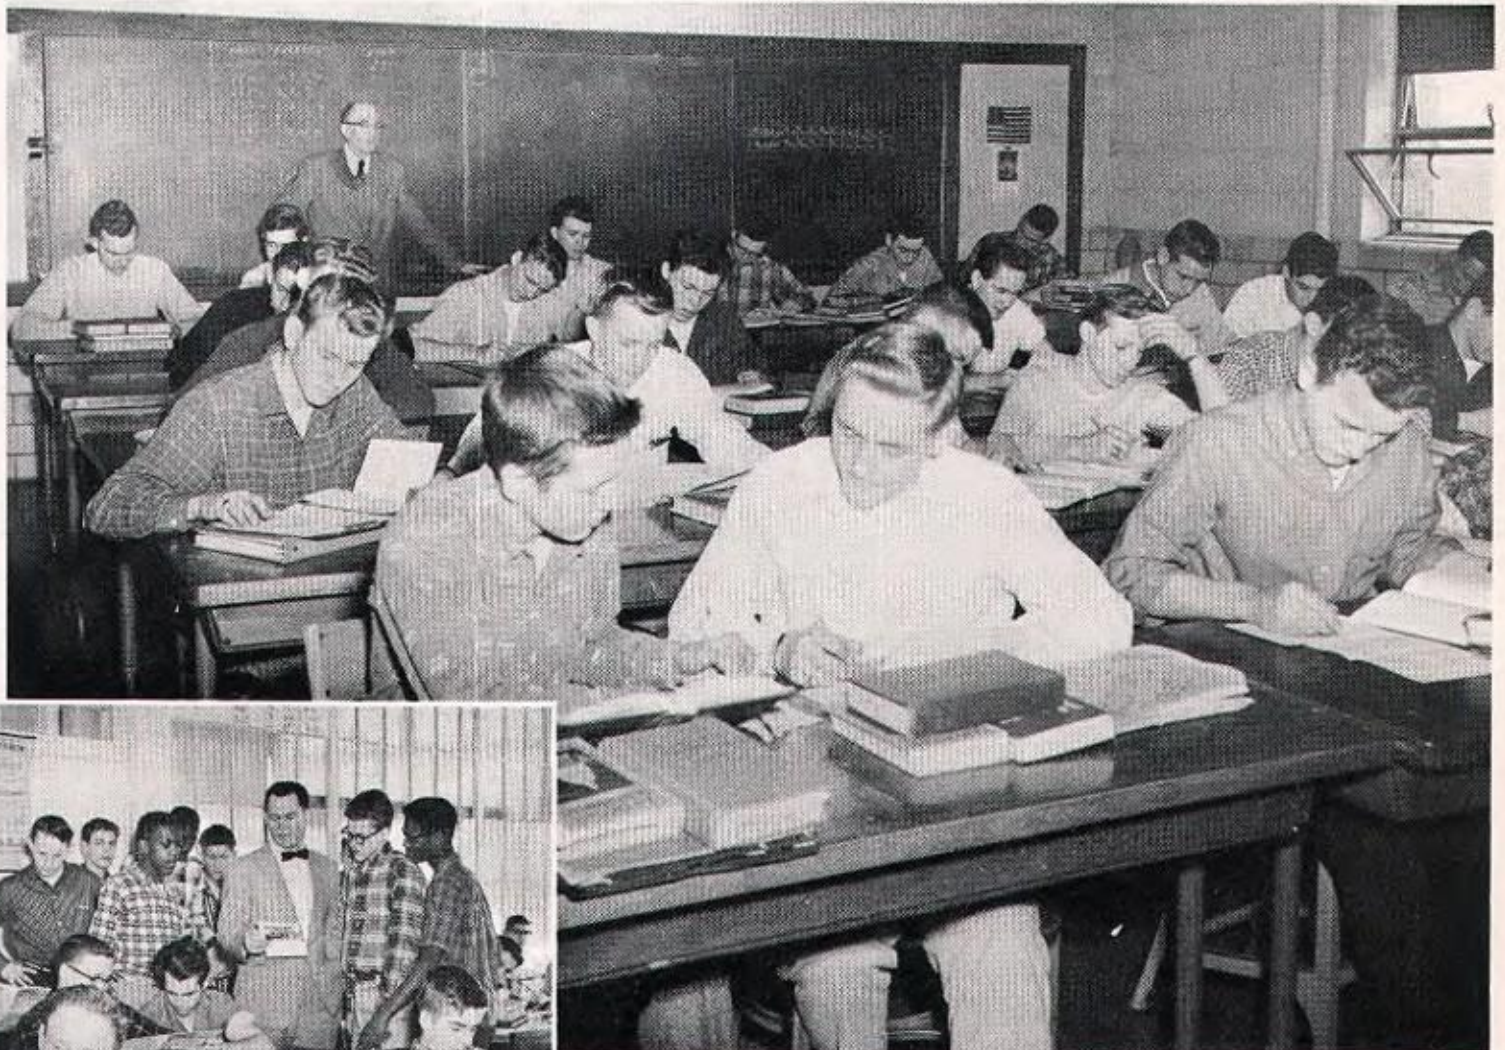

Pattern Making looks interesting doesn't it?

Classes

Mr. Kaiser's class give full attention to formula demonstration.

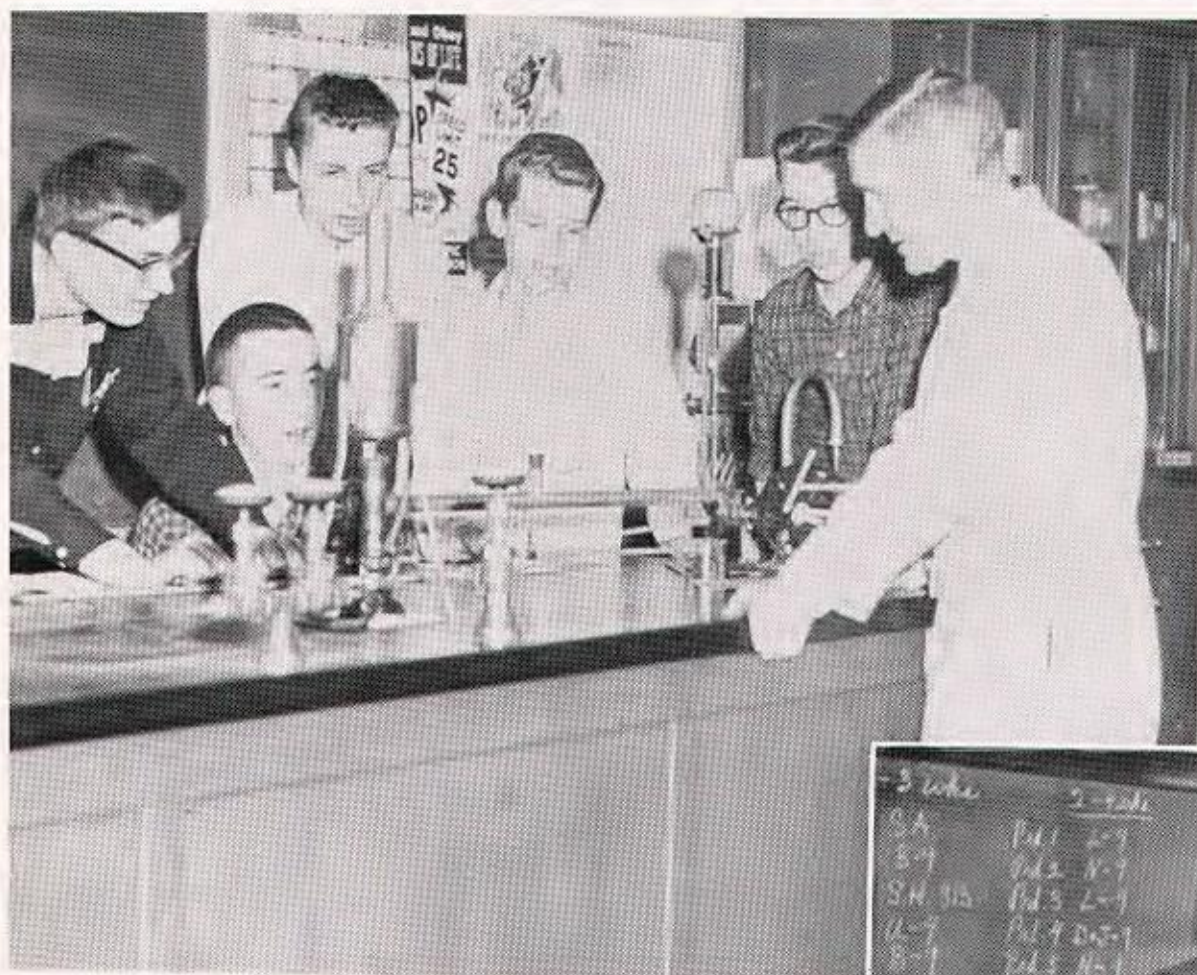

Well just don't sit there!
What's the answer??

Mr. Ziemke's class read up on scientific material.

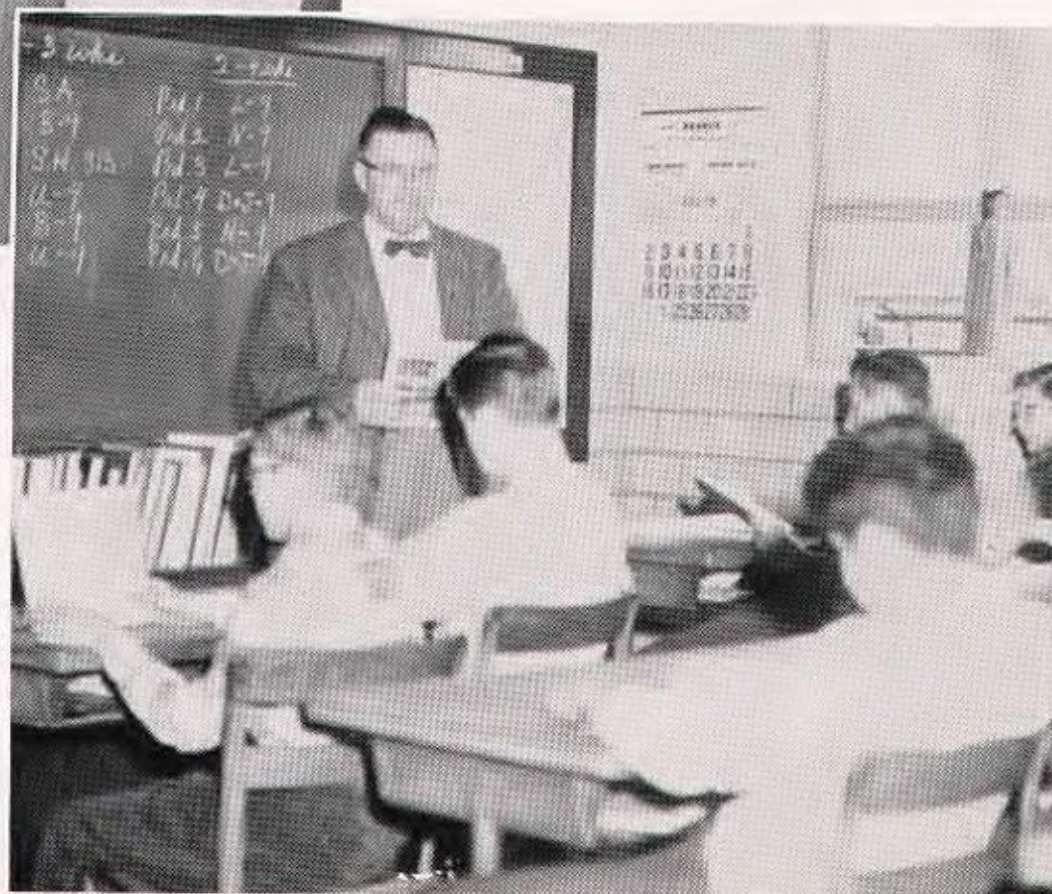

Classes

A minute of prayer after tests are passed out. Good Luck!!

These boys seem to be very interested in Demonstration given by Mr. Bear.

Mr. Smith's Orientation class hearing one of his famous lectures.

Classes

ious students study in
dy hall.

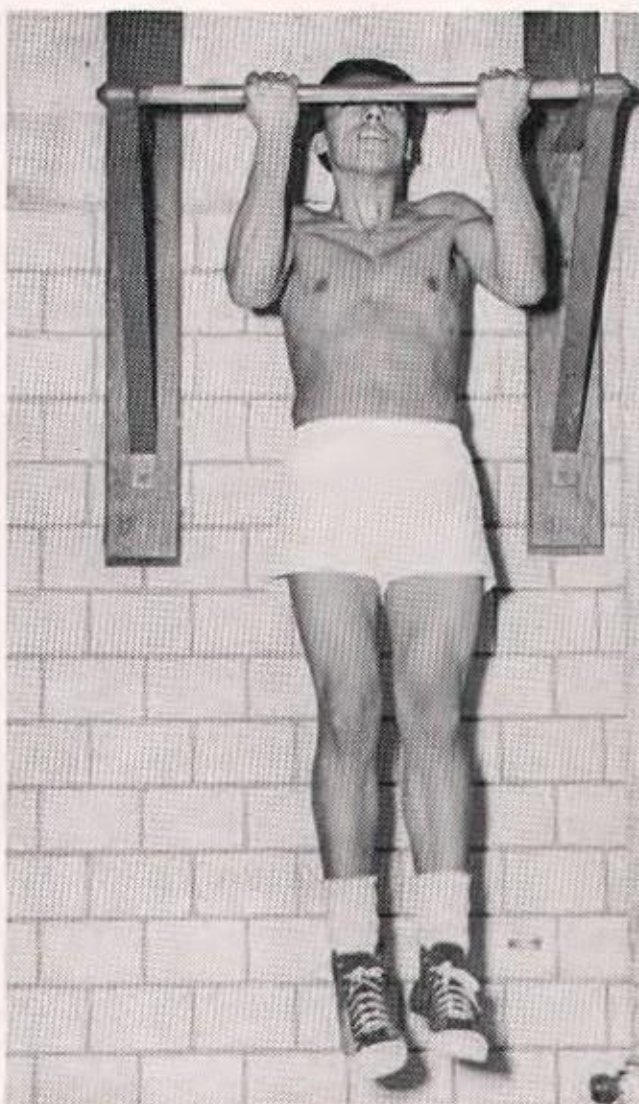

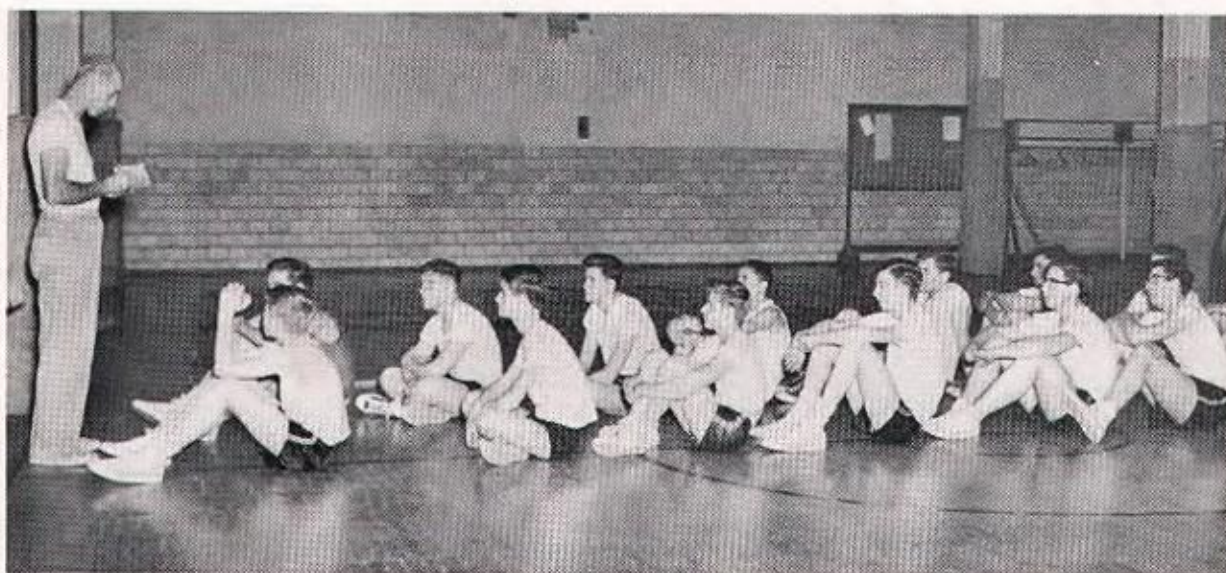

Mr. Breed's daredevils take
the road.

To a swell kid who
I enjoyed going through
highschool with.
Rich

Goldbricker for a day.

Classes

Gym

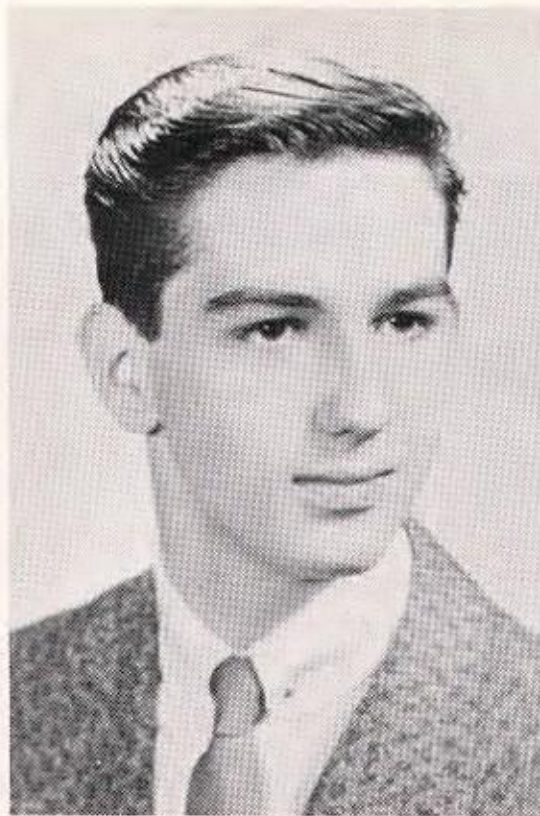

to Dick,
you a real swell guy. I've really enjoyed
knowing you. You'll have to come back next year
just to see us girls. Lots of luck in the future.

Sandy Phelps

Craftsman

We made it! The deadline came quickly, but we made it! We hope that the book is to your liking. You surely gave us support when you subscribed, and we have tried very hard to keep faith with your interest by producing another Craftsman that is worthy of your respect and interest.

We declare our appreciation to our advisers: Mr. White, to whom we go for a final "yes" or "no" on important decisions, and for inspiration in our frantic moments of writing copy; Mr. Spring who guides us in making the layouts and in developing the art work; Mr. Goodrich, for his imagination in getting eye-catching photos; and Mrs. Lindsay and Mr. Preis,

Tom and Bob look over photo negatives.

Advisers and Editors

ROW 1: Bob Rudess, Mr. Spring, Tom Pickle
 ROW 2: Mr. H. White, Mr. A. Goodrich

Craftsman Business Staff

ROW 1: Jerry Knauf, Gary Scholl, Lon Weis, Kenneth Osovitch, Jack Baxter, Ron Grabarczyk

ROW 2: Mrs. Linsey, Mr. Preis

who direct the handling of our high finances. Their advice and assistance were splendid.

The lot of creating this volume fell to the very patient and attentive co-editors Tom Pickle and Bob Rudess. Learning each step of the process and lending willing hearts and hands were Tony Topoleski and John Kerin. Lonnie Weis made sure that our way was paid by securing the payments on the subscriptions.

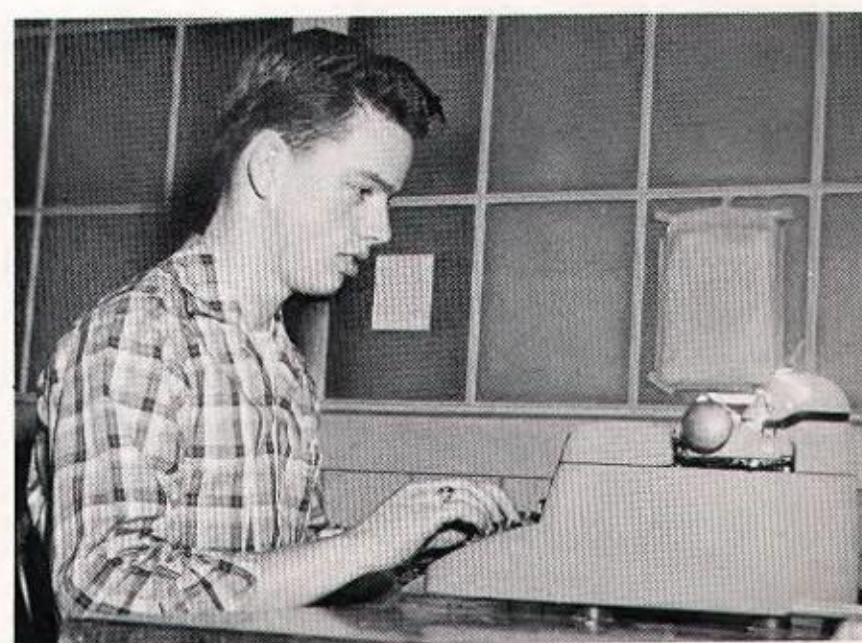

Thus you have your copy of the 1958 Craftsman. Please accept it as an attractive and meaningful collection of memories that you will cherish.

The publication of a school newspaper is a vital channel from which essential and indispensable knowledge, principally about the school, may be obtained.

In the past year, the Hi Crier has made tremendous and vast improvements in the production, circulation, and in the statement of its various policies.

The Hi Crier proclaims "Student Endeavor," and, always strives to be "Right and On Time."

Our editorial policy stands firm in endeavoring to promote good health and safety at all times; in encouraging social activities and sportsmanship; and, in working to mold student character on a continually higher plane.

This year, as in the past, the Hi Crier has not used advertising, thus, declaring the paper to be "of the students, by the students, and for the students". Macomber's school newspaper is one of the few student publications which is not only written and edited by the students, but also composed and printed on our modern school equipment in the school Print Shop.

The initial production of the Hi Crier involves four main necessary procedures — Production of the copy, Composition, Printing, and Distribution.

The Hi Crier's basic news is gathered through individual shop reporters, and organizations who contribute to the paper. The staff writes the feature stories, editorials, and news events, etc. Then, all this copy is typed and corrected for Step Number two, the Composition.

When the typewritten copy reaches the Print shop, it is given to the linotype operators. Once again the copy is typed, but, this time the letters and words are turned into type form. Then, what is known as a galley proof is taken. This goes to the proofreader who corrects all spelling, punctuation, and any grammar errors. Then, the corrected columns are given to the compositor who makes the page form, sets headlines, and readies the paper for the pressmen. Step Number three.

The pressmen prepare the forms, two pages at a time; first, Pages 2 and 3, and, Pages 1 and 4. Make-ready is made by making each letter and picture print clearly, through the use of pasting paper on the back of all headlines and pictures. Then the press is readied for the run. It takes the Pressmen about three hours of work upon each two pages in the process of running off the issue on the Kelly Press. Under this plan, it is possible to produce fourteen issues per year. After the paper is allowed to dry, it is almost ready for the final stage of Distribution.

After the ink is thoroughly dried, the paper is folded and brought to the Distribution Manager. The papers are counted in piles of ten, then they are ready for circulation. A public announcement is then made for all shop reporters to call their groups' papers. The shop reporters are responsible for each subscriber getting his paper; thus, ends a complete cycle of our students creating our school paper, the Hi Crier.

Macomber is a member of the Northwestern Ohio District Journalism Association. In May of each year, Bowling Green University holds a journalism conference, at which time there is a judging of the school papers in the Northwestern Ohio District. Macomber's competition in this conference is rather unusual in that the student-printed Hi Crier has to compete with other school papers which are printed in Journeymen Print shops.

There are three ever-hard-working advisers to the Hi Crier Staff: Mr. Goodrich, Mr. Romberger, and Miss Schwartzler. Each specializes in doing an important job. Mr. Goodrich supervises the layout, composing, and the other printing aspects which enter into the production of the school paper; Mr. Romberger is in charge of the presswork; and Miss Schwartzler is the supervisor who secures copy, does proofreading, and generally assists all the students in the production of the Hi Crier.

The Hi Crier Staff of 1958 also appreciates the efforts of Mr. Harry Baumker, Mr. Ardner, and other members of the Faculty, especially English teachers, and all students of Macomber for their whole-hearted support in the production of the school paper.

Varsity

Led by Co-captains Bill Taylor and Ron Osterman, the Craftsman eleven played alert, aggressive football in compiling a 3-4-2 mark. Wins were recorded over Delphos, Sandusky, and Elyria. Although no wins were registered against city-league foes, two ties were accomplished in games with Libbey and Central.

Two outstanding team efforts came in the first game with Waite and against DeVilbiss. The Mac Men frightened the Indians before losing a thriller 13-12 with John Putman hitting Mel Miller with a fifty-yard pass on the three-yard line as time ran out. In the game with the Tigers, the Black and Gold gridgers gave them more trouble than the weather before being subdued 12-7.

In these and other games throughout the season, brilliant line play was contributed by Dick Dusseau, Bill Taylor, Gary

Rhoades, Doug Park, Jim Rufty, and Dave Boyles. Backs who gave the opponents fits were Mel Miller, Ken Bowman, Tom Pisula, and Leif Rompf.

Mel Miller was voted the Most Valuable Player award. Marty Modrowski was named the most valuable substitute. The sportsmanship honor went to Dave Boyles. Captains for next season are Tom Pisula and Marty Modrowski.

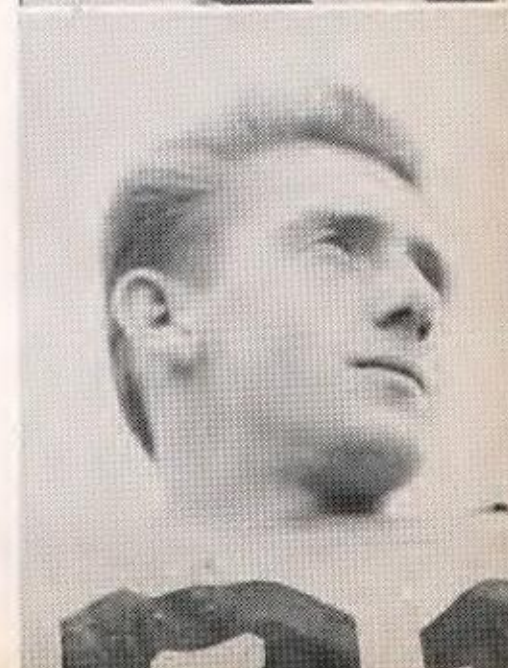

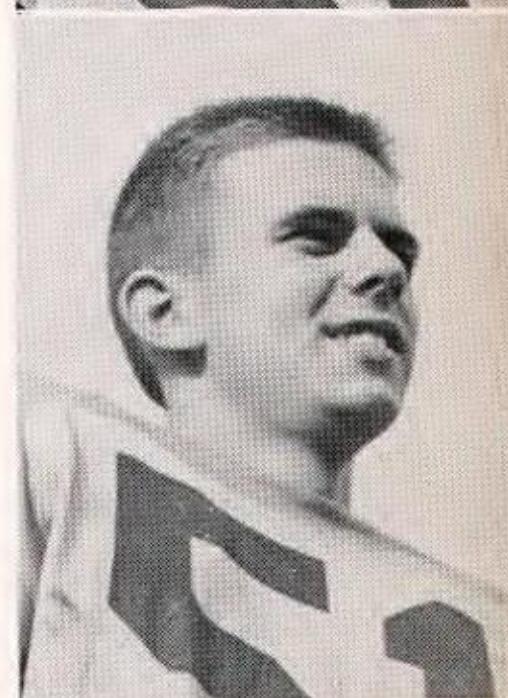

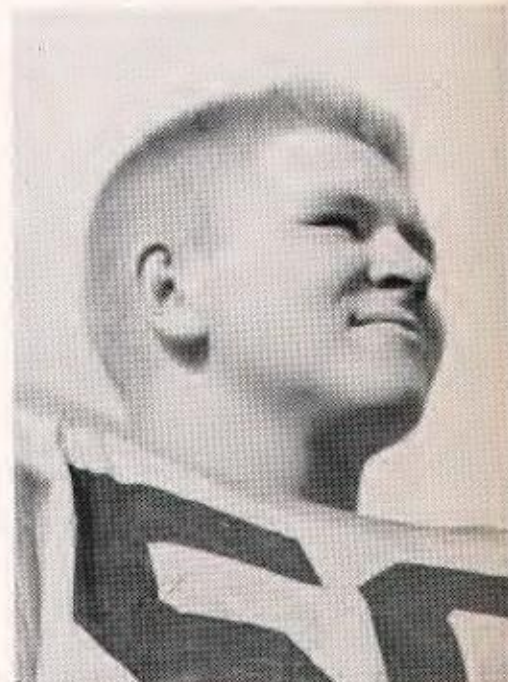

Head Coach Steve Contos and assistant coaches Bob Case, Jerry McCloskey, Harry Lanzi, and Terry Mohler gave the team very able guidance. Everett Cottle cared for all of the gear with full assistance of student managers Tom Deak and Victor Gluza. In and behind the scenes was Athletic Director Earl Kaiser.

We give hearty thanks to the team and the coaches for all of the thrills and chills. Here's to a great season come next September.

TOURNAMENT RECORD

Macomber	43	DeVilbiss	45
Won	15	Lost	4

Sleepy John Putman starts to drive against DeVilbiss.

Coach Jeffery goes over assignments prior to tip off time.

Ouch! I believe I was fouled!

Once again a Macomber basketball team enjoyed a highly successful season. The Craftsmen accomplished a record of 15 wins and 4 losses. The team was held in high regard all season, and the final poll ranked Macomber thirteenth in the state. After snarling the DeVilbiss Tigers in their first city-league game, the Mac Men were defeated by Scott 39-37. Thus ended a winning streak of 31 games against city foes. The only other losses were to Scott and to Libbey in the second round, and to DeVilbiss in the Sectional tourney.

Coach Ben Jeffery did another outstanding coaching stint. Being a leader in every respect, he never asked his players to give more than he. They answered his challenge with skillful and spirited play. Ably assisting in the coaching was Bob Case who led the lightweights to a second city crown in their own right. We congratulate Coach Case and the team for this achievement. Under the excellent tutoring of Gerry McCloskey, the freshmen garnered second place in their league. Quite a showing by all concerned. Taking care of all the many details was Athletic Director Earl Kaiser. Helping to keep the lads hale and hearty was Trainer Everett Cottle. The student managers were Robert Roman and Gerald Lessentin.

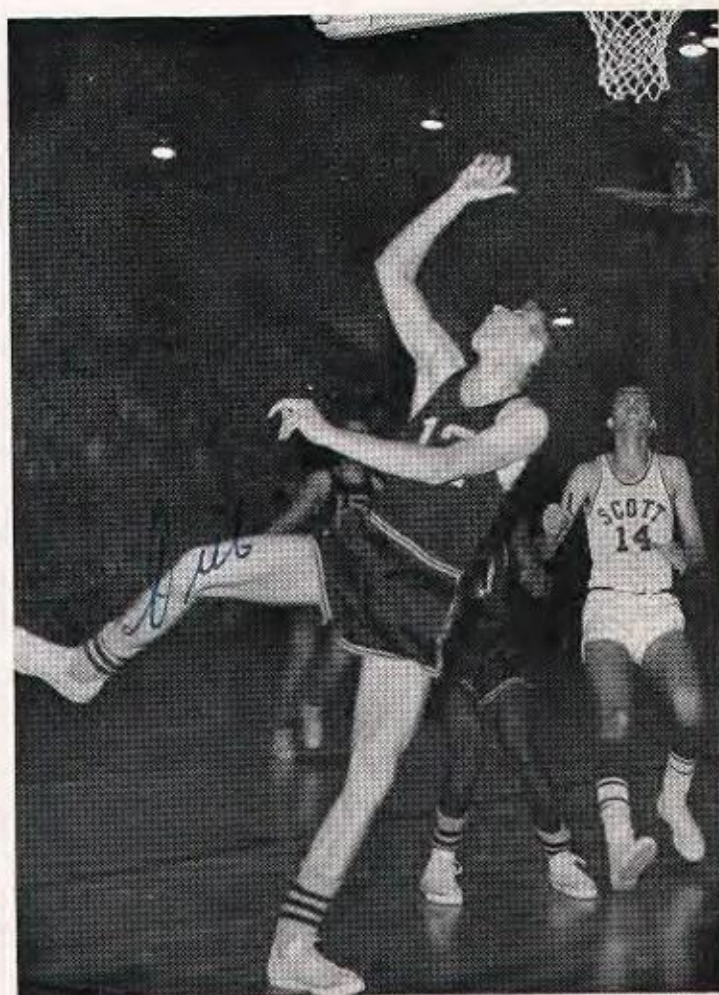

Seniors who sparked the Black and Gold quintet were Dave Baertschi, Ken Bowman, Dick Groch, Jim Reiter, Chuck Schroeder, and Bill Taylor. Others who contributed much were Ken Kochanowski, John Putman, Chuck Gwinn, and Tim Szendarski. These last-named players form a fine nucleus for next year.

As for individual honors, Dave Baertschi was named to the second All-City team, and Dick Groch and Jim Reiter received honorable mention. Dave Baertschi was doubly honored by his teammates when they selected him as the most valuable player and the honorary captain for the year.

So ends another season of sparkling action and worthy success. To the coaches, players, and managers, we say "Thank you, and best of everything to each of you!"

Now Tim this is what you are going to do.

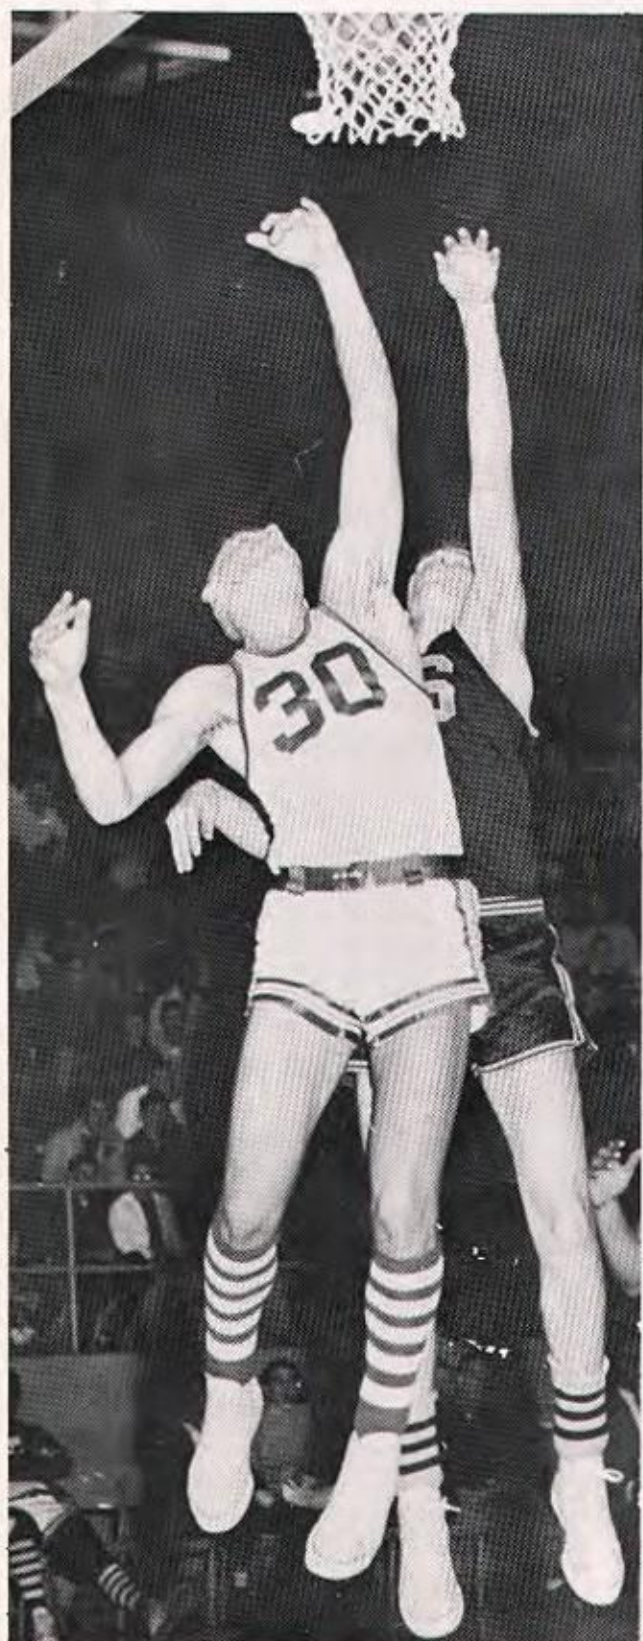

Balance counts as Dick Groch scores.

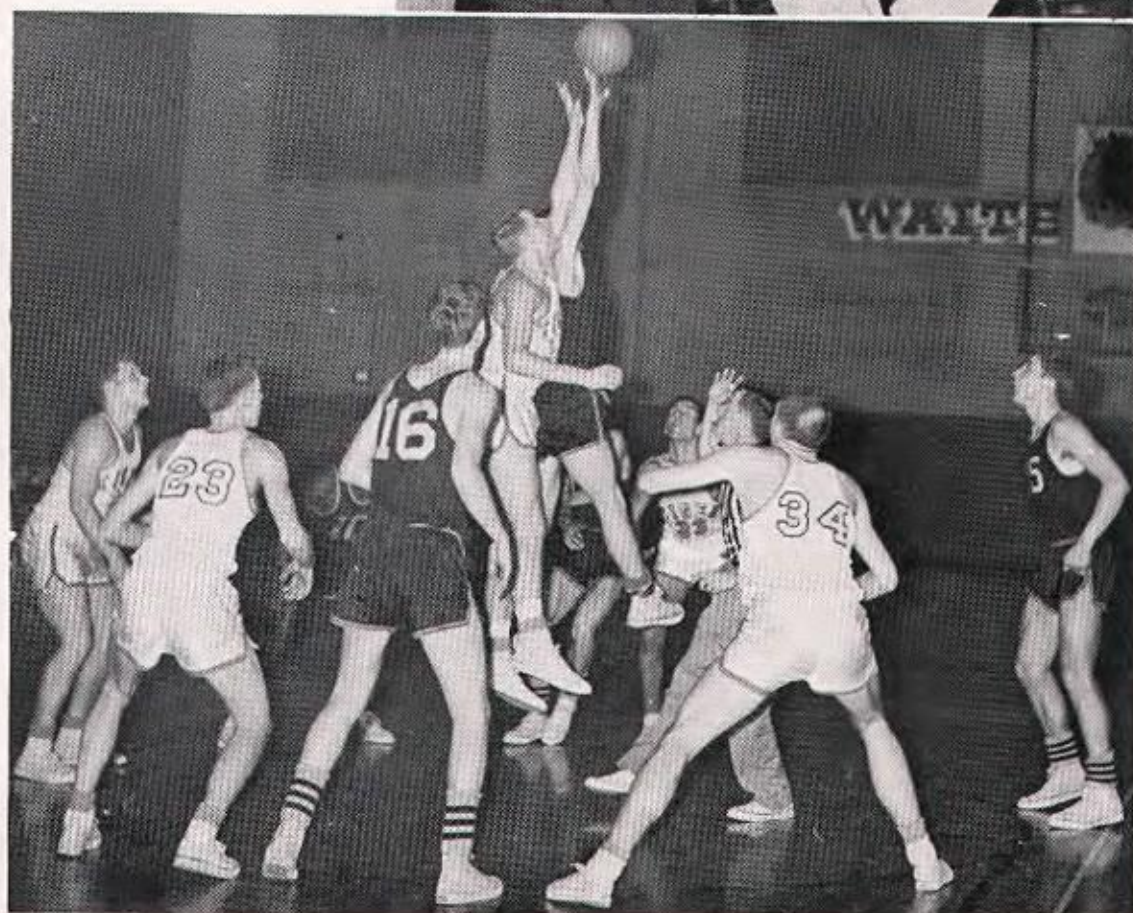

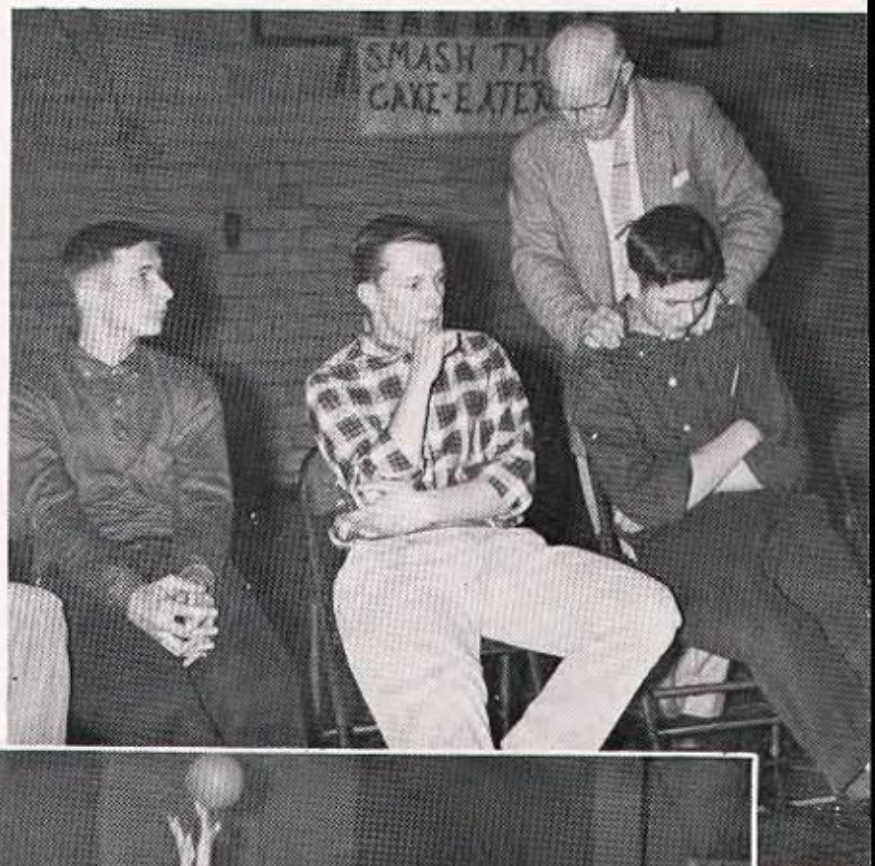

*To Dick
Who I haven't seen
much my senior
year. Love Dick*

Relax boys we won the game.

Are you ready to go Jim asks coach Jeffery as team prepares for big game at the pep rally.

Now that we're up here, what happened to 142 the ball?

Gentlemen commence action!
